Ravishankar Shukla university Raipur (C.G.)The main resource person was Vidya Rajput the Chairman of Sanklp Socity Raipur and another Resource person was Mr. T.P. Sharma Labour Officer CSPDCL Raipur(C.G).

Dr. R.K. Banarji HOD Sociology welcomed all guests and participants and delivered Welcome speech.

He said that in our society third Gender is never accepted as common people Always they face hatred in our society .In ancient time also they were only used as singers/dancers in few cerenomies only. Since that time they were accepted as curse of God or Nature.But in current centuries it was accepted that they are also human beings like us, only having some disabilities .They are the victims if our hatred.On the other hand they always make us enjoy in all happy movments in our life like birth of our children or during marrige.they add something rainbow like sunshine in our happiness.But we the people always hate .them and think inferior them in all public places like market mall, hotels ,railway station etc. The are treated not like common human beings .

Dr. Shraddha Girokar principal of Govt. Dhudhadhari girls collage Raipur said that “ Our government should made especial action plan for th welfare.It the duty of we all ,that we have to treat them as common human being ,with not only sympathetic but enpathetic attitude towards these people .Every one of us has constitutional rights to live so they should too Our Society should accept them as common citizen.

Dr. Rajput said; "We the third gender people need education and employment as other common people. The main reason of our bad status is the illiteracy and unemployment. We are deprived of education. Its the need of hours that we the third gender should have all human and constitutional rights without any discrimination by government as well as by our civilized society.

Dr. Rajput said, " in our ancient India third gender people were accepted as skilled singer dancers and musician and had respectable place in society. Now a days actually third gender people are divided in to two category First Kinner and Second Hizda. In reallity the actual meaning of the word kinner is deformed male having no sexual potential and organ. but also a lady may be the same.

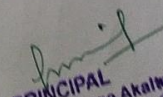

In our society we never diffentiate it and call all of them Hizda/Kinner or third gender. For the survival ,regeneration and reproduction male and female both play equal role.

Mr.T.P. Sharma advocated that its need of hours that third gender should be given equal rights opportunities so that they can play important role in every wolk of life.He suggested many ideas how the third gender must be assimilated in the main stream of our society.

At the end of the programme vote of thanks was given by IQAC incharge Prof. Upendra kumar Verma.

Conclusion -- Thus it can be said that to be a third gender may be a curse but to live as third Gender and doing noting is more harmful and curse. Its duty of civilized people to assimilate the third gender and provide them equal opportunities, rights and also responsibilities so that they can be come integarnal part of our society and serve for the betterment of whole society and the world
